

# SING

## YOU ARE IT ALL

Sing - to the wonder of the world  
to the turmoil, to the twirl  
to every breath and heartbeat

Sing - to the riddles on the road  
to the answers bestowed  
to every chance for you to wonder why  
to smile and sigh, to laugh and cry

*You are it all  
be grand, not small  
make fences fall  
How high you fly  
how hard you try  
the way you die*

Sing - to the myst'ry of the mind  
to a wisdom redesigned  
to journeys never ending

Sing - to the moment that we share  
to the burdens we bear  
may curiosity/generosity for ever stay  
may open hands, be your way
