

Gratitude

SØ

Herre:

You took my hand,
when no one else would dare,
you took my hand

You stood by me,
uncared for as I was,
you stood by me,
in the mist of scorn,
you stood by me.

You sat by me
In peace for me to see
You stayed when I was a heated
fool
Enduring all, you sat by me.

§

You are the one, to ease my pain,
you are the one to trust.
You don't restrain, you don't
enchain,
I can count, I can count, I can
count on you
(You stood by me)
You stood by me

(Outcasted as)
As I was
(You meet)
My eyes, with an open heart,
You took my part.

You sat by me,
and gave your time for free,
You stayed, and I never doubted
why.

You let me go, my last goodbye

D.S.

You are the one, to ease my pain,
you are the one to trust.
You don't restrain, you don't
enchain,

I can count, I can count, I can
count on you
