

I bow Down

Hans Christian Jochimsen

sop=bas

1. vers: (uni)

When I think, of what You have done
how You came into my life, when I was lost
when I see how my life has changed,
I don't know just what to say or what to do.

Chorus: (kor)

**I bow down in awe of You
I bow down I worship You
I bow down I lay my life before You
I bow down I praise Your name**

2. vers: (uni)

When I think of what you have done
how you came into my life when I was lost;

Bridge: (kor)

When I think of how I used to live
Of how darkness took control of me
**I don't know how You could love me then _
All I know is; You brought me out
of the darkness that surrounded me
Thank You
Thank You
Thank You, Jesus
You're my King**

Chorus x2

End: (kor)

I bow down x 4
